For the universality of intelligence must not consume its own nationalistic fire and clause like a candles bloated wick because it must be free to pick and choose and illuminate any particular analysis of decipherment acknowledging then that this grey sparrow has hit both the high paths and the “straight and narrow”. Flying above those dutiful streets of shared obligatory feats towards that challenging plead for him to indulge within a more intellectual feed. For he belongs to the humble pageantry of elegance with at times a spiteful sense of self worth hiding a huge heart under his broken wing hoping that one day that there will be a qualifiable accommodation regarding his discreet sociological participation. For Jacob the ethnic sparrow has made peace with Sarah the wild worm that’s why he’s secretly fermenting a surely sperm that’s procreative value is hidden within Sarah’s protective feminine shadow. For poor little Jacob the ethnic sparrow has fallen in love with his prey and often when not being threatening towards her beauty Jacob offers her another sunny day under the cold sun of an autumn chill that Jacob’s strange internal likeness likes to distill.

Like an overbearing pot of moonshine under a shiny moon allowing all of the participants to swoon underneath this guided coil that no sparrow and no worm’s need for abstraction can spoil.

Jacob then tepidly warming his brewish girth with a thirst that belongs to the ages secretly wanting to free Sarah from her falsely protected cages. spiritual forfeit that made them thrive with a resurrected symbolism regarding true Christian fruitions.

Due to the reason that Jacob the ethnic sparrow and Sarah the wild worms lifestyle gave in towards an artificial rank and file that expanded beyond the meaning of their falsity and ingenuity with their mesmerizing sense of self scrutiny. That was often anguishing and troubled when their idiosyncracies were doubled by a rekindling fire of a subdued brethrens miniscule desire in order to be so challengingly gifted with what was so daringly and deservedly shortlived.

This historic revocation was linked to both the subliminal reproach of violence and negative lenience that was their subsiding aftereffect regarding their corruptible forever condescending genius.

Sarah the wild worm adjusted herself towards this strange mates stealth and with a reassuring urge did towards his embittered interior domain dare to plurge. These sarcastic human negations, with their subdued flirtations, were then coupled and entwined, between a very perverted escapade between a krafty light and a silent shade. Illuminating their barbaric sense of a complacent mutual comprehension that was then consumed by a creative state of cellular manipulation. With those overflowing ebbs of desire that no longer burdened their chastised fire. Very correlative indeed was their sexual fervor, between Jacob the mad sparrow and Sarah the demented worm, igniting their beds within a private sexual lure that no man nor beast can possibly cure. No longer indulging within an intoxicating plight that permitted them this time to conceive a ritualistic realistic delight. No longer as well pondering such things with a creative state of disarray but yearning forever more for a more radically absolving walk towards the end of this welcoming torrid nights day. For their offspring will be properly freed by a productive environmental breed that will no longer condescend towards subtractive consumption regarding these new found arousing sexual assumptions. For the word freedom shall be bred within their bones and their marrow unlike leaving an overburdening nest from which we must chase and no longer hide Sarah the wild worm and Jacob the ethnic sparrow. Due to the fact that a false singularizing reign shall be thwarted forever more by that very spinoff from a true Republics domain that derives from a productive liberalism that will eternally and unendingly conceive a better peaceful wisdom.
